200 <p>&nbsp;&nbsp;&nbsp;&nbsp;&nbsp;&nbsp;&nbsp;&nbsp;&nbsp;&nbsp;&nbsp;<sup>1</sup>After few years, on my grade 8<sup>th</sup> of my academic progress i moved out from my home to study at <em>Manila</em>.<sup>2</sup>I continued my studies at
201 <strong>Sacred Heart of Jesus Catholic School</strong> wherein my life was about to change.<sup>3</sup> I became a type of student who is adventurous.<sup>4</sup> I had no fear living in the
202 streets of <em>Manila</em> because i was full of excitement on how should I change my life.<sup>5</sup> I started first on my diet wherein i lost 15-20 kilos around my early teenage years and started
203 to play <strong>Volleyball</strong> where later i became the team <em> Captain</em> of our school.<sup>6</sup> I started representing the school at my 9<sup>th</sup> grade
204 but got eliminated on second round by <em>Cardinal School.</em><sup>6</sup> During my teenage years i live with my dad at <em> Sta.Mesa Manila Elpueblo Condominium</em> and during
205 my stay with him i learned alot on handling our business.<sup>7</sup>Our business during my early teenage years was <strong>Perfume</strong> and we were doing well because
206 of this business it helped me pay my tuition fee till i finish highschool.<sup>8</sup> During my highschool days I tend to help my dad on his business so i can call my self <em>"Productive"</em> but later on
207 I learned how to mix some perfume ingredients on my own.<sup>9</sup> I was on peak on becoming a business man however I did not dedicate my time on our business because I believed that I wanted
208 to continue playing volleyball till college and be a professional player.<sup>10</sup>The life of being athlete changed me drastically.<sup>11</sup>I forgot what to be a good moral human and live as a
209 highschool athlete who doesn't study well.<sup>12</sup>I always get low grades during my junior highschool and used to get failing grades on science and math.
210 <br><br>
211 &nbsp;&nbsp;&nbsp;&nbsp;&nbsp;&nbsp;&nbsp;&nbsp;&nbsp;&nbsp;&nbsp;<sup>13</sup> Later on my 11<sup>th</sup> grade of highschool I changed my perspective on how i view life. I often ask my self <q>Does my country support athletes?</q>,<q>Can I help my parents
212 with this career?</q>,<q>Will I be able to live a listless life?</q> and there is where I quit the volleyball club and began studying.<sup>14</sup> I took the track <strong>I.C.T</strong> program because I really had
213 no other in mind what i wanted to become and since I hated math and speaking publicly I avoided the track HUMMS and STEM.<sup>15</sup>I talked to a close friend about my decision of leaving volleyball she often says to me
214 <em>"It doesn't matter what other people thinks of you as long as you love what you feel"</em> and that is where I began to remove my peer pressure off my life.<sup>16</sup>During those times I studied alot to make my grades
215 higher and it all worked out because I didn't have line of 7 in my grades.<sup>17</sup>On my free time I go to gym and train boxing just because I need to get my body to stay in shape.

218 year of my highschool.<sup>19</sup>On my 12 <sup>th</sup> year of highschool I talked to my ex teammate privately outside the condominium about how was our team doing.<sup>20</sup> Surprisingly they were doing good
219 because I used to convince my self that I am the center of our team.<sup>21</sup> But after the talk i got convinced to play my last year of volleyball to represent our school.<sup>22</sup> I was doing it for a friend
220 not for the school because the school and the staff don't really invest on athletes.<sup>23</sup>It was a tragic year for us because my friend dislocated his knee during warmup led by me so he wasn't able to
221 play his last interchool.<sup>24</sup>I blamed my self for it by reason of pushing my teammates to their limits.

223 &nbsp;&nbsp;&nbsp;&nbsp;&nbsp;&nbsp;<sup>25</sup>Later on my late moment of senior year a friend of mine got an idea to participate in the <strong>Anime Convention Event</strong> and participate as a cosplayer.
224 <sup>26</sup> There is where I started my hobby to cosplay. <sup>27</sup> Cosplaying felt like i was able to become someone that i wanted to be back when I was a child.
225 <sup>28</sup>It was a satisfying feeling and helped me cope to my problems back then.<sup>29</sup> My life as a highschool must come to end but must not forget how I build my self thru it.

"Time is just a hindrance for improvements"

CHILDHOOD YEARS

¹My name is **Eian Paul A. ¹⁶Living in the Philippines was like new to me again yet something i am used at the same time. ¹⁷My life as an *elementary student* here in Philippines was rough for me because i get bullied alot for having *dark skin* and for being *fat*. ¹⁸In this late childhood years my parents got separated due to unknown reason but i believed they seperated not because of lack of love but because they both are too focus on their goals. ¹⁹Continuing my studies at **Pampanga** I started to join **sport club** but didn't really get to participate in interschools competition due to lack of dicipline. ²⁰My childhood academic story ends at my grade 7 year in Dominican School of Pampanga and later moved out to different school.

TEENAGE YEARS

¹After few years, on my grade 8th of my academic progress i moved out from my home to study at **Manila**.²I continued my studies at **Sacred Heart of Jesus Catholic School** wherein my life was about to change.³I became a type of student who is adventurous.⁴I had no fear living in the streets of **Manila** because i was full of excitement on how should I change my life.⁵I started first on my diet wherein i lost 15-20 kilos around my early teenage years and started to play **Volleyball** where later i became the team *Captain* of our school.⁶I started representing the school at my 9th grade but got eliminated on second round by *Cardinal School*.⁶ During my teenage years i live with my dad at *Sta.Mesa Manila Elpueblo Condominum* and during my stay with him i learned alot on handling our business.⁷Our business during my early teenage years was **Perfume** and we were doing well because of this business it helped me pay my tuition fee till i finish
